

THE DEMOCRAT

CANAL DOVER, OHIO.

THURSDAY, NOVEMBER 14 1839.

HARD CURRENCY
Wood, Coal, and all kinds of country produce, received at this office for subscription, and other debts.

"All persons having Prospectuses of the Ohio Democrat, will please send them in."

"TICKLE ME TOM, AND PILL TICKLE YOU JERRY."—The Federal mouthpiece at New Philadelphia, says: "It is rejoiced to see that a statement it copied from a Democratic paper, (in relation to Gen. Jackson's death) is false." Rejoiced at what? It could not be "rejoiced" that Gen. Jackson still lives; for after all the cutthroat slanders it printed and circulated against him during his administration, it is impossible that there can be one spark of human feeling remaining hid in the dark recesses of that savage and uncultivated heart. No, it is as well as others of the clan, would rather "rejoice" in the opportunity of assassinating the venerable Patriot, could they always run "anwhit of justice."

HOBBIES AND HOBBLES.
The last Advocate prates about the public loafers riding into office on the hobby of Bank Reform. Whether it is a hobby or not a hobby, one thing is certain: the people of Ohio, are determined to make it a *Hobby* that some of those notorious public robbers won't get rid of; at least not till they are snugly enconced between four walls.

The same paper takes occasion to call us humbuggers, and charges us with humbugging the farmers, by expressing an opinion that grain would rise after the election. As conductors of a public press, we deem it our duty, to use every effort in promoting the greatest good to the greatest number; and the Farmers being the greatest number in this County, we feel ourselves bound to advance their interests, and advise them through the medium of our paper, of the state of the markets, and things in general; as well as to express our own opinions on matters interesting them, both at home and abroad. If in so doing, we make any misstatements; (for we are not infallible) we are ever ready to be set right again. But in this case, we have made no slip of the tongue; for by reference to the list of prices we find that the price of wheat has both advanced and fell since the election. So much then for humbugging, on our part.

We had hardly believed that the Procreator of a sheet, which has been for almost a score of years humbugging the community with fabrications, and defaming Republicanism, would attempt at this late day to wipe the slime from his own body, and try to cast it onto others. But such is the fact; and when a man has so long associated himself with the father of lies, it is but doing him justice to say that he has no honor, nor knows no fear. Henceforward, we set these down for a foul-mouthed slanderer, and were justice done there,

There's not a shopkeeper in thy town,
That would not hang thee, shoot thee,
stab thee down,
That doth not think thy Sheets would
give disease
To every thing they wrapped—
to bread to cheese,
ay; give contagion to a bag of nails.

NEW YORK ELECTIONS.
We have but few returns from the City, however, which last Wednesday to the Assembly, and the total revolution, and the Democrats. From 23 we saw no gain either.

We recommend the circular of the Democratic State Central Committee, to the attention of our Democratic readers, and more particularly to the Central Committee, of Tuscarawas county. The EIGHTH of January is the day fixed upon for holding a State Convention at Columbus to nominate a candidate for Governor, and electors for President and Vice President, of the United States.

We also notice that Gov. Shannon, has appointed the 14th day of December next, for a day of Thanksgiving and Prayer; the Governors Proclamation will appear in our next.

From the Ohio Statesman.

MISSISSIPPI.
The annual election for Governor, State officers, Congressmen, &c., took place in this State on last Monday. The democrats are doing their duty against the corrupt whig Banking system. We look for entire success.

MASSACHUSETTS.
In this State the annual elections take place on next Monday. The democrats of Massachusetts have mountains to overcome, but they go to work in true yankee fashion, nothing disheartened at the powers they are contending against.

ARKANSAS.
The elections for members of the Legislature in Arkansas, took place last Monday. Of course democrats will generally be elected.

SQUIB.—It is rumored that Queen Victoria proposes to raise Mr. Webster to the peerage, provided he will consent to abide permanently in England. She says there is more of aristocracy in him than a dozen such old women as Melbourne.

A STERLING TRUTH.
We find the following item in the Boonville Register—it should be printed in letters of gold.
"The arrogant and foppish indolence, always disfigures a man of common sense. One honest, industrious mechanic is worth the whole nest of profound exquisites, who inuest our streets with their dickeries turned down and not a cent in their pockets."

INSTRUCTIVE AMUSEMENTS.
The Pennsylvania Telegraph says: The Philadelphians are opening the winter season with lectures on various topics connected with literature, science, the arts, and every day life. This is a much better kind of amusement than the theatres and shows of a similar character, and cannot fail to diffuse much intelligence, correct the tastes of youth, and elevate the standard of public morality.

DIED.—At Dover, Tuscarawas County, on the 9th instant. Mrs. Mary Elliott, widow, of Capt. Wilson Elliott. Aged forty six years, four months, and twenty-five days. Daughter of Col. John Reed. Mrs. Elliott was born in the city of Pittsburg, Pa. She made a public profession of Religion, some time since, she was cheerful, and happy, in religion there was none of that austerity, and none of that melancholy which is repulsive and forbidding, but with a kind, and cheerful heart, together with a natural Urbanity, of manners, she invited attention, she like Job, had much to try her faith, she was left a widow, in a destitute, and forlorn situation with five small children, four daughters and one son, which she had to support, by her industry, and economy, which with the blessings of God, she has done, much to her honour. For by her amiable deportment, and religious instructions, her children are amiable, and respected by all. Although her sickness was long, and distressing, she bore all without a murmur, and with a smile on her countenance, peacefully sunk into the arms of her Redeemer.

THE OHIO STATESMAN.

SESSION PAPER.

According to custom, we again present to the people of Ohio our prospectus for a paper during the session of the Legislature. Many persons who do not find it convenient to subscribe for a paper printed at this place for a whole year, do so during the sitting of the Legislature, being desirous of seeing what is done by those in whose keeping they have entrusted the affairs of the State. To accommodate this just desire in the people to be thoroughly acquainted with every thing pertaining to their happiness and welfare, we have in this prospectus extended facilities and favors beyond what has been customary. We shall issue during the session a weekly paper (free of advertisement, at fifty cents)—a semi-weekly at one dollar—a tri-weekly at two dollars, and a daily at three dollars. By this arrangement we will be able to accommodate every portion of the State by all the mails, and we hope our friends will not be remiss in availing themselves of these means of information. It is all important that every freeman should be fully acquainted with every question touching the welfare of the State and nation. The approaching session of the Ohio Legislature will be a most important one. No previous one has ever had the same number of delicate and exciting questions to meet and act upon—questions which cannot be avoided, nor disposed of in a moment. Among these are our Internal Improvements, and the expediency under them. The condition of our Banks, and the banking system under the second suspension. The apportionment of the State into Senatorial and Representative districts, and a more just and equitable taxation by a re-valuation of property will be discussed. All these questions have been confided, by the overwhelming voice of intelligent freemen to the care and keeping of the democratic party, and it is important that that party should meet them in sober earnestness, and in that spirit of candor and patriotism which they will bring together, for the public good.

We shall also give such sketches of the doings of Congress as we conceive of immediate interest to the State, by the earliest aid of correspondents.

By the aid of a daily and tri-weekly paper, we shall be able to throw out the earliest eastern news, foreign and domestic, which we hope will not be overlooked by those desiring such information, and with the aid of a power-press, on a new and improved model, we expect to add greatly to the facility of preparing our papers for the mails, without the loss even of an hour. We ask only such support as corresponds with our exertions to make our paper useful to the public.

Terms of the session Paper.
Persons receiving this paper will consider themselves agents—and for five subscribers one gratis will be sent.

CERTIFICATES.
[Letter from the Hon. Abraham McCallan, Sullivan County, East Tennessee, Member of Congress.
WASHINGTON, July 3d, 1838.
Sir—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell county, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A. Garden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston Tazewell, East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan county East Tenn. I can get some of the merchants to act for you, as I live near there.
ABRAHAM M'CELLAN, of Tenn.
To Dr. Wm. Evans, 100 Chatham st. N. Y.

ABRAHAM J. CREMER, residing at 66 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, forced tongue, nausea, with restlessness. These had continued upwards of twelve months, when on consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his over successful and agreeably mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.
Dr. WM. EVANS' Medical Office, 100 Chatham street, New York.

THE FOLLOWING CERTIFICATE was handed to us by Mr. Van Schick, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted:
Mr. Septimius Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, went of appetite &c. After expending curing his confinement, nearly three hundred dollars without obtaining any permanent relief, he by accident noticed an advertisement of Dr. W. Evans, Canaanville and perient Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out in four months he could attend to business, and considered his disease entirely removed. The above information was given to the subscriber by Mr. Kendall himself; there can, therefore be no deception.
STEPHEN VAN SCHAICK.

Another very severe case of Inflammatory Rheumatism cured by Dr. Wm. Evans' Medicine.—Mr. John A. Carroll, of the county of Westchester, town of North Castle, New York, had been severely afflicted with inflammatory rheumatism for fourteen months with violent pains in his limbs, great heat, excessive thirst, dryness of skin, limbs much swollen, was not able without assistance to turn in bed for six weeks. Had tried various remedies to no effect. Was advised by a friend of his to procure some of Dr. W. Evans' medicine of 100 Chatham street, New York, which he immediately sent for, and after taking the first dose found great relief, and in continuing it as according to the directions for ten days, was perfectly cured. Allow me to refer any person to him for the truth of the above statement.

Those who were the patrons of our first Bulletin, and subsequently, of the Columbus Sentinel, while we were the Editor, never had cause to complain; but all professed to be well pleased; and such may again favor us with their names and patronage, may rest assured that nothing in this particular, shall be wanting on our part to fulfil their just expectations and wishes. May the Editor appeal to the liberality and kindness of his friends and the public for a share of their support and patronage, and will Postmasters and others, into whose hands this may fall, obligingly extend it to such individuals as will be willing to subscribe? To such we will feel greatly indebted, and for any trouble they may thereby incur we will amply and satisfactorily reward them.
